CELEBRATION

Al Staggs is a character. In fact, he's thirty or more characters. Through the medium of his many zany comedic impressions, Al demonstrates the importance of humor in aiding spiritual, emotional and physical health.

Robin Williams, Jim Varney (Ernest), John Lovitz, Redd Foxx, Willie Nelson, the Church Lady, Jesse Helms, former Presidents Bush, Carter and Clinton are teamed with legends such as George Burns, Paul Lynde, Jerry Lewis, Gomer Pyle, Frankie Fontaine, Geraldine and Jonathon Winters to make our celebration a memorable event.

With more than thirty years' experience as a minister and hospital chaplain, four earned degrees (including one from Harvard) and a life's journey that has included more than a fair share of adversities, Al speaks with sensitivity and compassion about the place of humor in our lives.
